

Logging In

Logging in

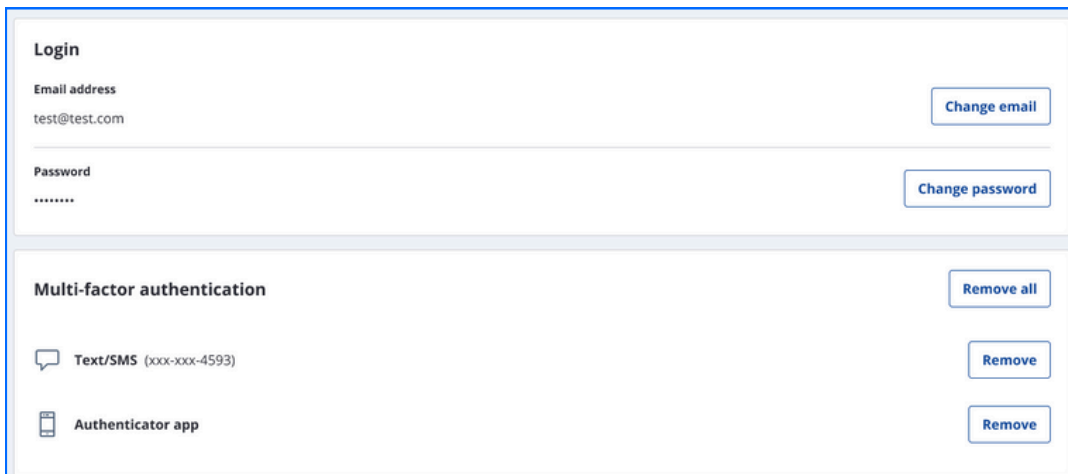

- If you've previously logged into Showcase, enter your credentials at ZillowShowcase.com.
- If you've never logged into Showcase, click "Login" in the top right corner of ZillowShowcase.com, then:
 1. Click "Sign up."
 2. Enter your email and click "Continue."
 3. Create your password.
 4. Get started!

If prompted, we recommend opting into additional security, such as adding a phone number for two-factor authentication or using an authenticator application.

Updating login and security details

- Once you've logged in, click the arrow next to your name in the top right corner.
- Select "My Account" to update your login and security details.
- Then, click the "Login & security" tab on the left side of your screen to review and update your email and password, as well as multi-factor authentication.

The screenshot shows a web interface for updating login and security details. It is divided into two main sections: 'Login' and 'Multi-factor authentication'.

Login section:

- Email address:** test@test.com. A 'Change email' button is located to the right.
- Password:** Represented by a field of dots. A 'Change password' button is located to the right.

Multi-factor authentication section:

- A 'Remove all' button is located at the top right of this section.
- Text/SMS:** (xxx-xxx-4593). A 'Remove' button is located to the right.
- Authenticator app:** A 'Remove' button is located to the right.
